

Celano Solid Frame Installation Instructions

Minimum Distance required from sides and back of unit to walls or railings is 7 inches.

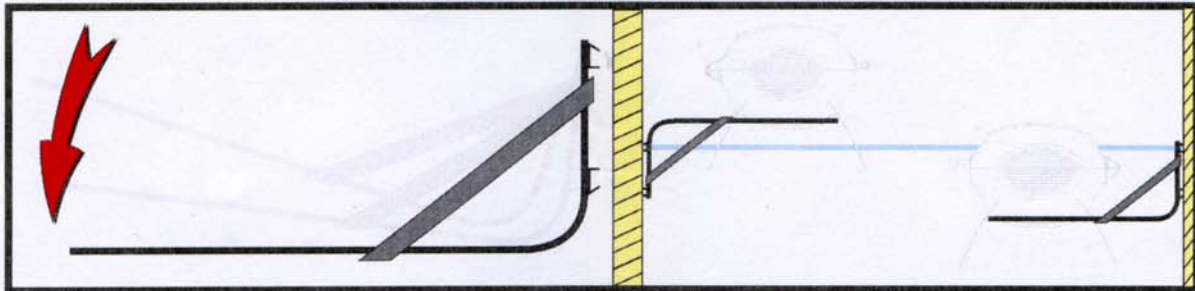

This grill is only to be used by itself or with the Celano grill frame and mounting bracket.

This appliance is not intended for commercial use.

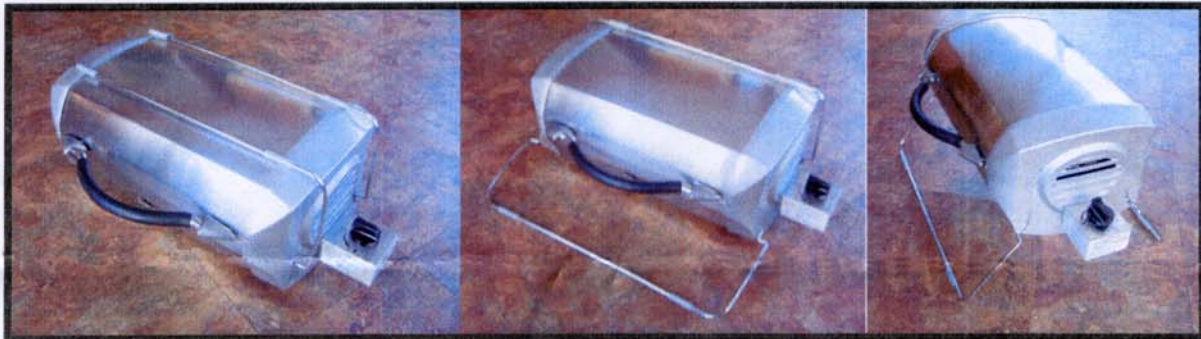

Please refer to the instruction manual for important information necessary for the proper assembly and safe use of this appliance.

CSA 6.99 US 2nd Edition Outdoor Specialty Cooking Gas Appliance

1. Secure Grill frame onto the white sidewall hanging bracket. (See Figures 1)
Hook frame over top edge of white bracket and push down to secure into place.
2. Frame can be used Right Side Up or Up Side Down for height preference. The center line represents the white hanging bracket.

3. Unfold Grill legs and lock into position.

4. Place grill onto frame. Front leg should rest on the outside of the frame support. Back leg of grill should rest behind middle support of the frame. (See Figure)
